Outcomes Achieved:

48% Received expert guidance about a misdiagnosis | **82%** Improved treatment plan | **33%** avoided unnecessary procedures or surgeries
35% Connected to a clinical trial pharma for compassionate use

How It Works:

You are our top priority. You can trust in our team of doctors, physician's assistants and benefits experts all working to support you and your family.

START A CASE

You can open your case by simply calling 1-920-731-2032 to speak with one of our member navigators

ACCESS EXPERT GUIDANCE

After reviewing your case, our expert medical team will identify the best expert physician to address your questions and concerns and arrange a discussion with them.

EXPERIENCE THE BEST CARE

Our expert can conduct their discussion with you via phone or video conference and you will also receive the recording of this session for your records to refer to at any time.

"Dr. Venook provided me with peace of mind answering questions I had regarding my colon cancer and next steps. He helped me feel calm and confident. MD Opinions helped me move forward quickly with confidence while getting me the best care with my in-network provider. MD Opinions saved time and money on a second opinion."
